**Re: Camp Easter Seal  
2009 Camping Sessions**

2009 February 27

**Welcome back!** Again this year, Camp Easter Seal Camper Application is available to submit online. The application will be saved electronically. That means that in the future, the applicant can access the information, update it and re-apply.

The Emergency Contact Form will need to be printed off, signed and returned separate from the camper application. The Medical History Form may need to be printed off, signed and returned separate from the camper application. Applicants will be reminded of this feature when completing the application. Please note that an application cannot be processed until the Emergency Contact Form and the Medical History Form (if applicable) are returned to our office. Please note we require the original copy of the signed forms.

We will start filling camp sessions on **March 27, 2009**. This should provide sufficient time for those who need to have the *Medical History* portion of the form signed by a Doctor. Due to limited resources in some sessions, we may not be able to accept all who apply by that date. Applications received after March 27 will be considered if there are vacancies in a particular camp session.

We continue to sponsor children through our Easter Seal Fund. Those attending adult camp sessions are responsible for camp fees. It is the responsibility of the camper to secure funding during the application process. If the applicant is on Social Assistance and cannot afford the camp fee, they may be sponsored on our Campership Program. If you have any questions about the fee, or responsibility for payment, please call our office.

**Incomplete application forms will not be processed. You will be notified by email as to which sections are incomplete.**

All applicants will be notified by May 15, 2009 as to the status of their application.

A handwritten signature in black ink, appearing to read "Su Huynh".

Su Huynh, BScN  
Manager, Camp Easter Seal
